## Help 'Point Man' Bob Klemme celebrate his 91st birthday!

*Bob Klemme turns 91 on December 15, and Visit Enid is hosting his birthday party that day. It will be at Garfield Furniture in Enid, from noon to 2:00 pm. The reception will feature the unveiling of a new Chisholm Trail work of art in downtown Enid and celebrate the contributions Bob has made to the Chisholm Trail. In 2008, the Chisholm Trail Heritage Center awarded Bob the Point Man Award at the Party on the Trail. He spent hours researching the path of the trail. Bob designed and set*

*the white, 200 pound, concrete post markers at 400 locations along the Chisholm Trail, from the Red River to Oklahoma/Kansas border. That took seven years, with the last one set in September 1997. This was done to help preserve the trail history. Markers are at every section line. Then he set a few more in Texas. Bob definitely earned his Point Man title in the history of the Chisholm Trail, which turns 150 years old in 2017. Bob shared a story with us in 2014, about one of his trips, to Brownsville, Texas in 2001, to set a*

*marker. He said arriving home was "just in time." The next day was 9/11. Bob has been fascinated with the Chisholm Trail and credits a junior high teacher in 1939 for sparking his interest. It was in the 1980s when he really pursued the history of the trail. Since his quest, he's given countless interviews and loves to talk about the Trail & his involvement. There may be no one more knowledgeable about the Chisholm Trail than Mr. Robert L. Klemme. Please join us in celebrating his birthday this year. All are welcome to attend.*

*In lieu of attendance, please send birthday greetings to Bob Klemme c/o Visit Enid, 201 W Owen K Garriott Rd, Enid, OK 73701.*
